- 2. To provide a fair, reliable, clear source of information, focused mainly, but not exclusively, on issues which directly affect students, whether they are local, national or international.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### Capital assets

Capital assets are stated at cost or deemed cost less accumulated amortization. Capital assets are amortized over their estimated useful lives on a declining balance basis at the following rates and methods:

Equipment	20%	declining balance method
Computer equipment	30% & 55%	declining balance method
Computer software	100%	declining balance method

The society regularly reviews its capital assets to eliminate obsolete items.

Capital assets acquired during the year but not placed into use are not amortized until they are placed into use.

#### Net assets

- a) Net assets invested in capital assets represents the organization's net investment in capital assets which is comprised of the amortized amount of property and equipment purchased with restricted funds.
- b) Unrestricted net assets comprise the excess of revenue over expenses accumulated by the organization each year, not of transfers, and are available for general purposes.

#### Measurement uncertainty

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

## Revenue recognition

The Gateway Student Journalism Society follows the deferral method of accounting for contributions.

Revenue from advertising sales are recognized at the time the ad is first run. Revenue from student fees is recognized over the course of the academic term to which the fees relate. Interest income is recognized when earned.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

## Non-monetary transactions

In the normal course of business, the society enters into non-monetary transactions under which suppliers provide goods and services in exchange for advertising space in the society's publications. These goods and services, which would otherwise be paid for in cash, are accounted for at the more reliably measurable of the fair value of the advertising services provided or the fair value of the goods and services received.

#### Financial instruments policy

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealised gains and losses reported in income. All other financial instruments are reported at amortized cost, and tested for impairment at each reporting date. Transaction costs on the acquisition, sale, or issue of financial instruments are expensed when incurred.

#### 2. GOING CONCERN

The accompanying financial statements have been prepared on the going concern assumption that the society will be able to realize its assets and discharge its liabilities in the normal course of business. The society has incurred significant losses over the past three years. Their continued existence depends upon its ability to restore and maintain profitable operations.

This GIC has been pledged as collateral for the society's credit cards held with the Bank of Montreal. As the society intends to hold this investment to maturity and then reinvest the funds in a similar instrument, it has been classified as long term.

## 6. COMMITMENTS

#### Advertising

The society has an exclusive advertising agreement with Free Media Inc. ("Free"), a third party organization, whereby Free will sell all local and multimarket advertising for the society until April 2017. Under the agreement the society receives 65% of advertising amounts collected, subject to a guaranteed minimum of \$100,000. The agreement will automatically renew for another year each April 30th unless either party terminates the agreement. The agreement makes the society economically dependent on the successful operations and collection efforts of Free.

#### Office Lease

The society has a contractual obligation under an operating lease for office space which expires on August 31, 2016. As of the date of these financial statements a new lease agreement has not been put in place, but management is of the opinion that a new long term lease agreement will be reached with the Students' Union.

### 7. BUDGET

The 2016 operating budget was approved by the board of directors on August 24, 2015. The budget figures have been provided for information purposes only and have not been audited or reviewed.

### 8. ECONOMIC DEPENDENCE

The society receives approximately 64% of its funding from the University of Alberta Students' Union. Should the students' union withhold funding or significantly change its dealings with the society, management is of the opinion that continued viable operations would be doubtful.
